Re: Agreement No. 323-09
Kansas Department of Transportation (KDOT)

Policy Issue: City policy requires Governing Body approval of KDOT Agreements.

Recommendation: Staff recommends approving the Agreement with KDOT for the construction of a highway lighting project at the US-69 and 135th St interchange.

Background: The City received an agreement from KDOT for the construction of a highway lighting project at the US-69 and 135th Street interchange. Even though the construction is entirely within the KDOT right-of-way and no funds are being solicited from the City, KDOT still requires the signed agreement.

Budget Impact: There is no cost to the City for this project.

Attachment: Agreement.
