

**PUBLIC WORKS COMMITTEE**  
**COMMITTEE ACTION:** February 24, 2010  
**FOR COUNCIL ACTION:** March 1, 2010

**CONSENT AGENDA:**

Resolution No. 3809 - Rescinding Resolution No. 3479.

The Public Works Committee unanimously recommends rescinding Governing Body Resolution No. 3479. Mandatory stormwater treatment regulations adopted by the City in November 2007 make this Resolution no longer relevant.

This Resolution established a voluntary program to cost-share with the development community on “Best Management Practices” (BMPs) to control runoff in new developments. The intent of the program was to give a pilot-test period for BMP construction prior to the onset of federal regulations. The Resolution was useful in opening dialogue with the development community with the then-future regulations. However, there were no projects constructed under its authority.
