

PUBLIC WORKS COMMITTEE
COMMITTEE ACTION: February 24, 2010
FOR COUNCIL ACTION: March 1, 2010

CONSENT AGENDA:

Review Governing Body Policy Resolutions

The Public Works Committee has reviewed Governing Body Resolution Nos. 1935, 2916, 3326 and 3655 and unanimously recommends retaining these resolutions with no changes.

- No. 1935 - Stormwater Ditches
- No. 2916 - Easement Acquisitions
- No. 3326 - Storm Drainage Improvements
- No. 3655 - Streambank Stabilization

The resolutions regarding stream bank stabilization projects (No. 3655) and storm drainage improvement projects (No. 3326) provide the framework under which all stormwater CIP projects are constructed. Resolution No. 2916 provides guidance on how easements are acquired on various storm drainage projects. Resolution No. 1935 outlines the private property owner responsibilities for maintaining earthen ditches, while authorizing the Public Works Department to haul away material that is removed from the channels and is placed at the right-of-way.
