

**PUBLIC SAFETY COMMITTEE**

**COMMITTEE ACTION: March 10, 2010**  
**FOR COUNCIL ACTION: April 5, 2010**

**CONSENT AGENDA ITEMS:**

**Agreement with Conference Technologies, Inc. for Command and Control Center technology improvements in the amount of \$54,022.23, using Police Forfeiture Funds**

The Committee voted unanimously (6-0) in favor of sending this agreement to the Council for approval. Staff advised the Public Safety Committee and the Council had approved the use of Forfeiture Funds to update the equipment at the Command and Control Center in August of 2009. After receiving proposals from two agencies, this is the proposal that best met the City's requirements.
