

5. UNIFIED DEVELOPMENT ORDINANCE AMENDMENT - Amendments to Sections 18.160.020, 18.160.060, 18.180.020, 18.180.070, 18.245.020, 18.245.050, 18.250.020, 18.250.050, 18.275.020, 18.275.050, 18.300.020, 18.300.050, 18.370.020, 18.370.040, and 18.390.140 and new Section 18.110.652 of the Unified Development Ordinance relating to wind turbines and solar collectors
-

GENERAL COMMENT: Staff recommends tabling this discussion until further notice. Staff has been coordinating with a consultant regarding an informational session to address questions raised at the Council's consideration of these amendments on December 7, 2009. Scheduling for the informational session has not worked out up to this point. There are no pending applications for wind turbines at this time, and the current solar collector regulations are being used for installation of this technology. Should an application for a wind turbine be filed prior to the adoption of these regulations, staff will process it as a special use permit, as has been done previously.
