

PUBLIC WORKS COMMITTEE

COMMITTEE ACTION: July 28, 2010
FOR COUNCIL ACTION: August 2, 2010

CONSENT AGENDA:

Private Streets/Private Drives

The Public Works Committee unanimously recommends adopting both proposals as presented by staff, along with the wording changes to Chapter 13.10 of Overland Park Municipal Code as outlined in Exhibit E.

The two proposals as outlined by staff establish:

- 1) Provisions to require public streets, with modified street design standards, in lieu of private streets for most planned residential zoning districts; and
- 2) Pavement design standards for private parking areas and drives.
