Members of the City Council

From: Doug Brown
Director of Public Works

Re: Interlocal Agreements
City of Lenexa

Policy Issue: City policy requires Governing Body approval of Agreements over \$50,000.

Recommendation: Staff recommends approving the Interlocal Agreement with the City of Lenexa for the Installation of Streetlights on Quivira Road from 95th Street to 99th Street.

Background: The equipment installed will match that which was installed on 95th Street from Quivira Road to Nieman Road. The City of Lenexa has agreed to share 50% of the base cost of installing standard equipment. The City of Overland Park has agreed to pay 100% of the cost above the base cost of the standard equipment such as the fixture and the painted poles. The City of Overland Park maintenance staff will perform the actual construction work in-house. Therefore, the costs are based on estimates of the equipment costs only. The City of Lenexa's share of the project is estimated at \$42,465.70 and the City of Overland Park's share of the project is estimated at \$67,485.71.

Budget Impact: The Capital Improvements Program has sufficient funds included in SL-0829 for equipment purchase and construction of this project.

Attachment: Agreements.
